Dear Parents,

My name is Maria “Maggie” Munoz and I am the Food Service Manager for NYOS. As part of our education program, both NYOS campuses offer the National School Lunch and Breakfast Programs.

The NYOS cafeteria is looking forward to serving your child(ren) breakfast and lunch each day! We offer Free and Reduced meals for students who qualify. It is important that those who qualify or think they may qualify, complete the required application and submit as quickly as possible. If your child was on the Free and Reduced Program last year you will still need to fill out a new application for this year. These forms will be available in the registration packet or you may stop by the front desk or cafeteria to pick one up. Families who currently receive government assistance should submit their paperwork with the application. Until Free and Reduced applications are approved in the food service office, parents are responsible for any meals eaten.

NYOS now offers MY SCHOOL ACCOUNT online accounts for student meals. The system provides parents with an opportunity to add money and check the balance of their child(ren)’s account. To enroll, go to [www.myschoolaccount.com](http://www.myschoolaccount.com). There is a \$2.00 charge for each transaction. However, if you have more than one student at NYOS, you will only be charged \$2.00 if you are adding funds to more than one student account within the same transaction. Credit card fees may also apply. In order to create a My School Account you will need a student ID number, which can be requested from the cafeteria. Parents may also pay by check or cash to the cafeteria cashiers at either campus. NYOS will allow students to charge up to three meals on their cafeteria account after their funds have been exhausted. Students will then receive three sandwich meals after they have exhausted their three charge meals. Any negative balances must be paid within 5 business days. NYOS will not charge a fee or interest on negative balances and will allow the parent the option to enter a payment plan for repayment on the account balance.

Our Lamar campus also sells snacks to Middle and High School students. Snacks may only be purchased between the hours of 8:00 AM - 10:00 AM and are not sold during breakfast and lunch hours.

If you have any questions please do not hesitate to contact me at (512) 583-6967 or [MMunoz@nyos.org](mailto:MMunoz@nyos.org).
