Weighted GPA	
Total Points ÷ GPA Credits = GPA	

Student Grade Point Averages (GPAs) are calculated on a 5.0 scale by averaging the semester grades for each course taken beginning in ninth grade. For purposes of class rank, a weighted system shall be used in GPA calculation. Students shall receive additional credit for advanced courses (AP, Dual Credit and Pre-AP). Courses that have been modified by an ARD committee as to the required content of the TEKS shall not earn the same number of grade points as a core, honors or advanced course. Final grades below 60 are not calculated for the purpose of GPA.
